Watkins NY
March 25. 87

Mr James D Kimball:
Dear Sir

Your esteemed favor received with many thanks. Its contents are valuable & much use. I find it shows no copper cents coined in 1823. Coin collectors have on sale 1823 copper cents are they genuine. was there any die made for that year.

The report sent me does not cover the point I desire wholly. I want a description of the coins. there were so many varieties. where can such information be obtained

I am informed no coins can be obtained from the government except in the year they are coined - is this true? If I do not ask amiss - you will confer a favor in addition to the one already conferred

Yours

W. D. Bell
